Congratulations, Prasad!

Ashish Kumar Banerjee recognized you in the Manager-to-Employee FY17 Program for the value M2E: Bias for Action.

Below shows the impact you made to HPE:

Thank you for max query issue.

While the maxQuery issues were closed across many accounts, you were able to root cause the discovery issue at Eagle. This was a complex case as we tried to fix only symptoms but finally we were able to find the root cause.

Thank you for putting HPE values into action! Please click the green box above to read the full message. A copy of this recognition was sent to your manager.

Manager-to-Employee FY17, a MyRecognition @hpe program, provides a way for managers to recognize employees for significant accomplishments with HPE points. You can use your points immediately or save for bigger prizes. HPE points can be redeemed for merchandise, gift cards, charity donations, experiences, or travel. Redemption options vary by country.
